### **Letter/E-mail text:**

At some point in everyone's life, you will be impacted by the death of someone you care about and/or the hardship of grief that follows. At Cedar Valley Hospice, their experts are only a phone call away from providing the physical and emotional support necessary during these major life events.

They are in the midst of building a new Hospice Support Center in Waterloo, which will serve not only that area but also be the hub for the 15-counties they serve. As Northeast Iowa's leaders in expert care, Cedar Valley Hospice needs our support for this new building to ensure their viability in our community for generations to come.

*(OPTIONAL) For me, they were there for (insert relationship or self) to (insert how Cedar Valley Hospice helped.) (Insert why or how Cedar Valley Hospice made a difference in your life or the life of someone you cared for.)*

Consider donating to their fundraising campaign, *Building for Tomorrow*, at [www.cvhospice.org/building](http://www.cvhospice.org/building) or TEXT "Building" to 319-220-4160. By doing so, you can be a vital part of providing compassionate care for thousands of families in the Cedar Valley. Someday, you will want Cedar Valley Hospice by your side like they were there by mine.
